HOPE

_**

I look at the machine

I see the word Hope

Is there Hope left

I don't know

I going to the past

To save someone

I'm going to save Goku

In Hope he will stop this future

This future were evil rules

Many people gave up Hope

A long time ago

But I still have Hope

My mom still has Hope

Gohan had Hope before he died

So I go to the past

In Hope to stop this future

So I guess there is still Hope left after all.

End
file.
